

**Strategic Visionary Solutions™™**  
**Wants YOU**  
**to Help in the fight against**  
**Corrosion!**

Introducing **Nano-Coat®** Aerosol the Industrial Grade Protective Coating

- ★ Enhances and extends the life of newly painted or oxidized painted surfaces.
- ★ Dramatically improves corrosion, scratch, abrasion, chemical, and long-term UV resistance of painted surfaces with 4H hardness protection
- ★ 5 Year Performance Protection with no loss of gloss
- ★ Easy spray application
- ★ Creates a self-cleaning surface with a 60% reduction in cleaning and maintenance
- ★ Reduction of system cleaning saves manpower and reduces wastewater
- ★ Water repellent surface-reduction of water drag resistance by over 60%
- ★ Repels surface growth issues like mold, algae, fungi, etc.
- ★ Extreme chemical resistance with no affects from typical sulfuric, hydrochloric acids or hydroxides
- ★ Dramatically improved impact and chip resistance-provides superior protection against typical environmental hazards
